# WORKERS' CARE GOOD BUSINESS FIRM REPORTS

**Tariff Board Head Com-  
mends Montreal Firm's  
Practice**

OTTAWA, Nov. 5.—While it does not come within the province of the Advisory Board on Tariffs and Customs to deal with working conditions in the manufacturing plants throughout the country, which members of the board have occasion to visit in connection with their investigations, the board takes notice of these conditions. At the meeting of the board, Mr. D. C. Patterson, president of the company, which is the subject of the report, Mr. Moore said:

"I may say to Mr. Patterson, I wish through you to pay your firm a compliment. After an inspection of your factory by the board I think I can say on behalf of my colleagues, that in all the factories which we have seen through we have never found better working conditions for the employees than we found in yours. The factory appears to be well equipped with modern machinery. I think I am justified in making that statement. And particularly where we improved upon the provision you had made for the milk far them. I think it is our duty to pay you a compliment of this kind, and I may hope that we shall see similar conditions in other factories, which may appear before the board."

"I should like to have Mr. Jack tell me, if he will, something about the arrangements made in regard to the four supplied time employees. Am I right, Mr. Jack, in saying that you give in four girls, two all the milk they can drink?"

Mr. Jack: "At the house here we provide a bowl of soup and a roll for five cents, which we distribute to all our men, and we give them one and a half cents for each roll they want. We also have a two-cent lunch with two equalized soups all the time, as well as a doctor who may be consulted during the night hours in the morning and afternoon. He visits their homes when they are getting out whether they are getting five large dining rolls and a dinner for 15 cents, or a dinner for 15 cents long for 45 cents, and we have a piano and a gramophone, so that between twelve and one they spend a very good time. Of course, we look after the family part of the arrangements. As a matter of fact, we have been called by the corporation of inspectors of industrial establishments of the province of Quebec, under the authority of Mr. Gagnier, who has visited to see the conditions obtaining in our factory. We are not

## THEY'RE DOING A LINDBERGH WESTWARD

REINEL D-1220

LISBON, Portugal, Nov. 5.—Another attempt to span the Atlantic by air started today when the Reinel hydro-aeroplane D-1220 departed at 8:15 a.m. for the Azores, approximately 1,000 miles distant. The plane, which is flying to New York from Wismar, Germany, by way of the Azores, has been here since October 14.

The Reinel hydro-aeroplane flight is backed by the Hamburg-American line, which also is the backer of the Junkers plane D-1220 now at the Azores with Lillian Dillies. Whenever the plane is ready, it is waiting for favorable weather for the continuance of its trans-Atlantic flight to New York.

The backers have announced that both planes will fly to the United States by way of Harbor Grace, Newfoundland. The flight of the two planes is regarded in German aviation circles as an indication that the Hamburg-American line is making preparations for the development of trans-oceanic air service. The company is reported to be concerned lest the German Aerial Line obtain control of the new field.

The D-1220 flew from Amsterdam to Vigo, Spain, 1,000 miles, on October 14. It made the 200-mile hop from Vigo to Lisbon on October 15.

Steno Mers, rated as one of the best German air navigators, is the plane's pilot. Wilhelm Beck is radio operator and co-pilot, and Peter Rhode is mechanic. The D-1220 is equipped with postboxes and carries an 800 horsepower Packard motor.

## University Notes

The inter-collegiate rugby championship of the university passed into the hands of the Phar-Macians, when, in a hot encounter at the Varsity grid yesterday they defeated the Arts-Con-Law team 14-0. Although odds were up the latter team owing to the fact that they had not lost a game during the season, they were decisively beaten by a heavier and better put-up side.

Mr. Charles: "We think it is good business to look after our employees. In this way we get satisfactory work out of them, and they are cheerful and happy. In proof of this I may cite the fact that of the employees we had in our service in 1925, 81 per cent. of the employees of 1925, we have now 71 per cent, and of 1924, 84 per cent., so that the labor turnover is very small, and we are trying to keep it down. I may add that we have with us at the present time employees who have been in the company as long as 35 years."

team, which showed superior team work and generalship at all times.

Le Corps Francaise held another interesting and well attended meeting in Wednesday afternoon, in Achille's lounge. A debate in French by students on the subject "Will society benefit by women's suffrage?" with Messrs. Stanley, Harding and Gibbs for the affirmative and Mrs. Newton, Miss Garwood and Miss Redman for the negative.

The main arguments for the affirmative were that, as women were taxed, directly or indirectly, but we men were, it is only fair that they should have a voice in settling taxes and policies. It was argued to bring up our families, they should have a voice in making the laws which protect their families, and that in sufficient time has elapsed since the advent of women's suffrage for their true value in public life to be ascertained.

For the negative, women do not know politics, women are not engaged in social welfare work, neither that politics, years of suffrage prove that the great majority of women are not interested in politics, and that women are in no position to become familiar with political conditions.

The judge rendered a verdict for the negative on points but for the affirmative on general excellence of presentation.

The finals of the Varsity Tennis club tournament are now on-

## No More Free Car Rides Home For One Year

Joseph Schuster and Daniel Belmont, residing about three miles west of Edmonton, who want to walk home on Saturday night, after a long evening's frolic, will find that their usual mode of transport will be a long and arduous one. The two men, who are well known in the city, were arrested on Saturday night, after a long evening's frolic, and were taken to the city hall, where they were held for a short time. The men were then released, but they were told that they would not be allowed to walk home on Saturday night for one year. The men were told that they would have to walk home on Saturday night for one year, and that they would not be allowed to walk home on Saturday night for one year.

## Grain to Elevators

Exclusive to Bulletin  
EDM., Nov. 5.—W. C. Chabot left yesterday for the home at Gravel, Kansas, after spending the summer at his home at Gravel, Kansas, and his granddaughter, Mrs. C. J. Miller, who is now in the city.

Mr. and Mrs. F. E. Brown and children left Thursday for Strathmore, Alberta, where they intend making their future home. Mr. and Mrs. Brown have made a number of very fine friends at Strathmore, and they will be glad to have them visit them when they are in the city.

Miss Fawcett and Miss Alice Fawcett returned to the city after a pleasant visit to their old home in the city. The two girls were very much enjoyed by their friends, and they will be glad to have them visit them when they are in the city.

The Irma Ladner Aid will meet at the home of Mrs. Fawcett, on Saturday night, at 8 o'clock. The aid will be held for the purpose of raising money for the Irma Ladner, who is now in the city. The aid will be held for the purpose of raising money for the Irma Ladner, who is now in the city.

Mr. F. J. Hardy and a number of his friends will be in the city on Saturday night, at 8 o'clock. The friends will be in the city for the purpose of visiting the friends of Mr. Hardy, who is now in the city. The friends will be in the city for the purpose of visiting the friends of Mr. Hardy, who is now in the city.

## DOROTHY DIX

How to Deal With a Tyrant Husband—Why It Is Unfair for Young Wives to Put Their Mothers Before Their Husbands—Should Strapping Mr. Six Feet Mary Little Miss Five Feet Tall?

Dear Miss Dix—I have been married less than a year. At the time of my marriage I had a very good husband, and he was a very good man. He was a very good man, and he was a very good husband. He was a very good man, and he was a very good husband. He was a very good man, and he was a very good husband.

Answer: I should think that the only thing to do is to leave him. If you are a woman, you should leave him. If you are a woman, you should leave him. If you are a woman, you should leave him. If you are a woman, you should leave him.

Such a marriage as yours is no marriage at all. It is a marriage of convenience. It is a marriage of convenience. It is a marriage of convenience. It is a marriage of convenience. It is a marriage of convenience.

Marriage is a partnership which a man and a woman go into. It is a partnership which a man and a woman go into. It is a partnership which a man and a woman go into. It is a partnership which a man and a woman go into. It is a partnership which a man and a woman go into.

Obviously your husband does not love you, or he would not treat you as he does. He does not love you, or he would not treat you as he does. He does not love you, or he would not treat you as he does. He does not love you, or he would not treat you as he does.

My advice to you is to leave him. You should leave him. You should leave him. You should leave him. You should leave him. You should leave him. You should leave him. You should leave him.

Dear Dorothy Dix—I am a girl in the world, but my problem is that I am a girl in the world. I am a girl in the world, but my problem is that I am a girl in the world. I am a girl in the world, but my problem is that I am a girl in the world.

Answer: A very wise woman once said to me that when her daughter was a girl, she should be a girl. She should be a girl. She should be a girl. She should be a girl. She should be a girl. She should be a girl. She should be a girl.

For this fact, the young wife loves her mother better than she loves her husband. She loves her mother better than she loves her husband. She loves her mother better than she loves her husband. She loves her mother better than she loves her husband.

The trouble is that a bride needs the wisdom and the tact and the experience of 60, while she has only the foolishness of the flapper. She has only the foolishness of the flapper. She has only the foolishness of the flapper. She has only the foolishness of the flapper.

No, if mothers were unselfish, as mothers seldom are about their children, they would say to their daughter: "You are my daughter, but you are not my husband. You are my daughter, but you are not my husband. You are my daughter, but you are not my husband."

"Play with your husband, for in that way you will keep him as a comrade. Play with him as if he were a comrade. Play with him as if he were a comrade. Play with him as if he were a comrade. Play with him as if he were a comrade."

Dear Miss Dix—I am a man 6 feet and 10 inches tall and weigh 115 pounds. I am a man 6 feet and 10 inches tall and weigh 115 pounds. I am a man 6 feet and 10 inches tall and weigh 115 pounds. I am a man 6 feet and 10 inches tall and weigh 115 pounds.

Answer: Goodness, no! You don't pick out a wife by her size. You don't pick out a wife by her size. You don't pick out a wife by her size. You don't pick out a wife by her size. You don't pick out a wife by her size.

which is switched in here, which will keep some of the grain from the farmers and the city. It will keep some of the grain from the farmers and the city. It will keep some of the grain from the farmers and the city. It will keep some of the grain from the farmers and the city.

The winter crop parties were held here last night. The winter crop parties were held here last night. The winter crop parties were held here last night. The winter crop parties were held here last night. The winter crop parties were held here last night.

# Many Fine Attractions Next Week

## EXTRA GIRLS SCARCER THAN RANKING STARS

**Sure-Footed Tony  
Revels in Glory  
Saving Tom Mix**

That the wonder horse, given one of his finest performances in "Silver Valley," Tom Mix's new production for Fox film, which opens for three days at the Empire theatre, is a masterpiece of the art of the master who is mentioned on the title of an action picture. The horse has been built and fitted with a special harness and "padding," the wonder horse, but Tony never flinched and reached his graceful stride in time to save him from the encroaching fire.

COMING TO EMPRESS

Another favorite screen star, Richard Barthelmess, who is appearing in "The Drop Kick," a fast football story, at the Empress for three days starting Monday.

## THE MISSING LINK COMING TO EMPRESS

What was the missing link? What was that strange and ferocious beast shrouded in mystery and speculation which had kept the scientists of the world agonized for generations? Half man, half monkey, they expected it or its twin to one day appear from the unexplored regions of the earth to solve the problem of man's origin. One day from a far outpost of civilization in the unknown African jungle came a cry of discovery and a cry for aid. The missing link had been seen—the enormous monster of ape-like appearance and ferocious mien. Now the best efforts of a great hunter were needed to capture and subdue it for the purpose of science.

## Jeanne Is Eager To Learn of Movieland

HOLLYWOOD, Calif., Nov. 4.—Jeanne Eagels, star of "Bliss," will be a success on the silver screen. That prophesy is made because of the way the famous stage star descended upon Hollywood. The majority of prominent stage folk who are lured here by the lure of movie gold come with the attitude that they know it all and they are going to show the grown-up westerners how pictures should be made. As a result, most of them soon return to the stage. Miss Eagels followed an entirely different course. She didn't insist that she should be starred in her very first production—stardom would come later. Instead, she signed as John Gillette's leading lady in "Fire of Youth," and she made good.

## "ONE WOMAN TO ANOTHER"

Don't dare breathe this to a soul, but we have it on very good authority that "One Woman to Another" is the most pleasing picture Florence Vidor has been in to date.

## STOCK COMPANY RETURNING TO CITY MONDAY

**Gordinier Players Present  
"White Collars" At New  
Empire**

The Gordinier Players, who made so many warm friends during their recent visit to Edmonton, are returning to the New Empire, starting Thanksgiving day, when the attraction will be "White Collars." The production, although a comedy, has just the right touch of serious life and there to make it appeal to the theatregoer. It is a story of everyday life and portrays the "White Collars" class who have to adjust their character to better times.

The girl meets a young millionaire and before long the marriage is planned. The young man is eager to do many things for his "bride," but then of course he, too, is a victim of the same. A cousin with radical notions about life gives vent to his ideas at every opportunity, causing a great deal of confusion to the young man and nearly wrecking the happiness of the young couple. Of course, the groom takes the situation, but it would be too long to tell here.

Reserved seats for any of the performances are obtainable at the office now, and those for the holiday should be secured at once. There has been a great deal of talk about the coming of the Gordinier Players, and it is well to get the word in now.

## BARTHELMESS IN THE DROP-KICK

The indoor football season in Edmonton will be ushered in on Thanksgiving day at the Empress theatre, when First National's comedy, starring Richard Barthelmess, will be shown. "The Drop Kick" is a story of college life, with the boys and their girlfriends, and the story is told in a very funny way, and the story is told in a very funny way, and the story is told in a very funny way. The picture is a comedy, and it is well to get the word in now. The picture is a comedy, and it is well to get the word in now. The picture is a comedy, and it is well to get the word in now.

The custom of calling Boston the "Hub" comes from a saying by Oliver Wendell Holmes in his "Autocrat of the Breakfast Table" that "Boston is the hub of the wheel system." The saying was supposed to "hub" of the universe.

The "reaction of outraged gent" came from Captain Charles C. Sargent, agent of an iron ore and the first man suggested by the first people in their government against landrobes in 1880.

If the water is not cold an ounce of spirit about to quare a day, but if the water is below 42 degrees, it is believed to go without saying.

## FAMOUS DOG IS APPEARING IN GREAT PICTURE

That famous dog star of the screen, Rint-Tin-Tin, is to be shown in another senseless chase, "Jaws of Steel," at the Empire for three days starting with the Thanksgiving show on Monday. The story is one of two mining "dog" boys, who quarrel over the result of their mining operations, and one is killed. In order to avenge himself the remaining partner makes a "dog" look-alike, and though the dog had committed the crime, the other man of the mine tells him that he will be surprised of the crime and he attempts escape. The mine following his plan of escape, he eventually escapes. The mine following his plan of escape, he eventually escapes. The mine following his plan of escape, he eventually escapes.

## UNDERWORLD OPENS MONDAY

"Underworld" starring George Raft, Evelyn Brent and Clive Brook, is showing Monday at the Empress theatre. The picture is a story of the underworld, and it is well to get the word in now. # The Bulletin's Page of World News Told in Pictures

## Castles of Commerce; Women in Novel Spheres; 'Goofey' Golf

**NEW YORK'S SKYLINE** towers uptown as well as down. This block, from Broadway to Seventh avenue and 57th to 58th streets, has been sold for \$12,000,000 and is the only one-man owned skyscraper in the world. Its lower 15 floors form the home of the General Motors Corporation.

**STURDY NEW CANADIANS** have been pouring into our country all summer, and as the great railway systems have carried them far and wide they have been absorbed into the agricultural and industrial life of the country. Above is seen a party of English and Scottish immigrants arriving at Quebec.

**JILL CHANDOR**, the child whose beauty made Queen Mary exclaim in wonder, is the daughter of Douglas Chandor, a portrait painter, and is herself an accomplished artist for her age. She is in this country for the winter with her parents.

**NOT A FOX TROT**, just a friendly exchange of fistcula between the fox pets of Josef Golemanns of Berlin.

**THIS FINE BAG OF DUCKS** was a single day's take on the upper waters of Lake Winnipeg. All of the best varieties are represented.

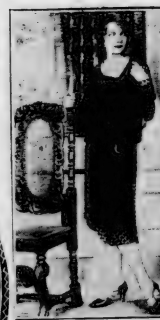

**WHITE BROADCLOTH** forms the jumper blouse and smart breeks of this winter sports costume. The decorations are of white and two shades of red knitted wool. Simplicity and effectiveness find a happy combination here.

**LUMBER IS STILL THE BACKBONE** of the foreign commerce of the province of New Brunswick, and fine ships of the type shown above, loading at the docks of Campbellton, N.B., carry it to European markets.

**MRS. AGNES E. HINES** of Forest Grove, Oregon, is a successful authoress of nature poems who has turned her eyes into moving pictures so well that she has been invited to go to Alaska to write and film her work.

**Miss R. E. Frankel** is the first woman to fill the post of consul, and she was appointed to her place at Jerusalem, Palestine, by the Conservative government of The Netherlands. She fills the position of Joseph Hann, Dutch banker and Zionist leader, while her chief takes a year for recuperation of health.

**(LEFT)** THIS SEMI-FORMAL afternoon frock is of velvet-check chiffon in two shades of blue. A simple pearl buckle is the only added touch of decoration.

**COUNT JACQUES DE LESSEPS**, veteran aviator, son of the builder of the Suez canal, and son-in-law of the railway builder, Sir William Mackenzie, has been given up as lost on a flight from Quebec to Gaspé Val Brilliant. The wings of his plane have been picked up in the St. Lawrence river.

**THE ROYAL CRADLE OF BELGIUM** has again been brought into use for the new daughter of Prince Leopold and Princess Astrid. All of the children of the hero King Albert were cradled in this luxurious bassinet of white silk, tulle and Brussels lace.

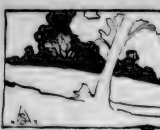

**'GOODY GOLF COURSE'**, claiming to be the strongest boy in the world, led a trolley car with 20 of his friends and hauled them through San Francisco's streets by a chain, with his teeth.

**THE 'GOODY GOLF COURSE'** is a source of a lot of fun and develops a lot of skill in the miniature game. Don't discard the old junk. Bits of pipe, old valve housings, bricks and boiler parts go to make this one at Astoria, N.Y.

## for the AUTO LIST

### STEEL GAINS ON WOOD FOR STRENGTH AND SAFETY

Allows More Room and is Quieter According to Engineers—Gives Greater Margin of Safety

BY IRVING KIRBY  
Special Editor, N.E.A. Service  
Steel gains on wood in the construction of automobiles, according to the latest findings of the Federal Bureau of Investigation, which has been making a study of the relative merits of the two materials in the construction of automobiles. The study was made by the Federal Bureau of Investigation, which has been making a study of the relative merits of the two materials in the construction of automobiles. The study was made by the Federal Bureau of Investigation, which has been making a study of the relative merits of the two materials in the construction of automobiles.

### Does the Car Lack Speed?

Written especially for The Bulletin by H. S. C. McTAVISH, Associate Member, Society of Automotive Engineers.

If it is thought that a car needs more speed, there are many things that can be done to increase it. The first thing to do is to check the engine. If the engine is not running properly, it will not give the car the speed it is capable of. The next thing to do is to check the transmission. If the transmission is not working properly, it will not give the car the speed it is capable of. The third thing to do is to check the wheels and tires. If the wheels and tires are not in good condition, they will not give the car the speed it is capable of.

Ignition Tune-Up at High Speed  
An ignition system that runs at a normal rate will not give the car the speed it is capable of. The next thing to do is to check the ignition system. If the ignition system is not working properly, it will not give the car the speed it is capable of. The third thing to do is to check the wheels and tires. If the wheels and tires are not in good condition, they will not give the car the speed it is capable of.

Wrong Throttle Setting  
A throttle setting that is too low will not give the car the speed it is capable of. The next thing to do is to check the throttle setting. If the throttle setting is not working properly, it will not give the car the speed it is capable of. The third thing to do is to check the wheels and tires. If the wheels and tires are not in good condition, they will not give the car the speed it is capable of.

Good Carburetor or Wrong Adjustment  
A good carburetor or a wrong adjustment will not give the car the speed it is capable of. The next thing to do is to check the carburetor or the adjustment. If the carburetor or the adjustment is not working properly, it will not give the car the speed it is capable of. The third thing to do is to check the wheels and tires. If the wheels and tires are not in good condition, they will not give the car the speed it is capable of.

Studebaker Makes Repeat Performance  
Studebaker has made a repeat performance in the automotive industry. The company has been making cars for many years and has always been known for its quality and reliability. The company has been making cars for many years and has always been known for its quality and reliability.

Surprise in Battery Value  
A surprise in battery value is a good thing. It means that the battery is working properly and is giving the car the power it needs. The next thing to do is to check the battery. If the battery is not working properly, it will not give the car the power it needs.

# the AUTOIST MONEY IN BRIDGE FRANCHISES EASY MONEY IN TOLL BRIDGES

**Movement Started to Control Private Franchises For Bridges**

By ROBERT DUTCHER  
WASHINGTON, Nov. 1.—By all appearances, Congress may be expected to pass a law prohibiting the Federal Government from owning and operating toll bridges. It is reported that the bill will be introduced in the House of Representatives by Mr. Clegg, chairman of the subcommittee on bridges of the committee on public works.

The bill is a result of a long and bitter fight between the Federal Government and the private bridge companies. The bill is expected to pass in the House of Representatives in the near future.

The bill is expected to pass in the House of Representatives in the near future. It is expected that the bill will be introduced in the House of Representatives by Mr. Clegg, chairman of the subcommittee on bridges of the committee on public works.

This is the kind of bridge that Thomas H. MacDonald, shown in last night's photograph, is expected to build. It is a toll bridge, but it will remain as toll until the cost of construction is defrayed. It is the 12-mile Condon bridge over the Merrimack.

MacDonald's plan is to build a toll bridge over the Merrimack river, which will be 12 miles long. The bridge will be built by the Federal Government, but it will remain as toll until the cost of construction is defrayed.

**SUPREME CHANCELLOR KNIGHTS OF PYTHIAS VISITING EDMONTON**

Arrangements Made for Large Meeting Tonight of the Rathbone Bible Class in K. of P. Hall, Quebec Building—Also at Red Deer on Monday

Hon. Richard S. Wattle, Supreme Chancellor, and H. M. Love, Supreme Secretary of the Knights of Pythias, are visiting Edmonton today. A large number of the members of the Knights of Pythias are expected to attend the convention.

The Knights of Pythias is one of the most valuable of our organizations. It has a Supreme Government, and a large number of local lodges. The Knights of Pythias is a fraternal organization, and its members are known for their loyalty and devotion. The Knights of Pythias is a fraternal organization, and its members are known for their loyalty and devotion. The Knights of Pythias is a fraternal organization, and its members are known for their loyalty and devotion.

**Supreme Keeper Records And Seal**

H. M. LOVE, Officer of the Knights of Pythias, is visiting Edmonton today. He is a member of the Knights of Pythias, and is known for his loyalty and devotion. He is a member of the Knights of Pythias, and is known for his loyalty and devotion. He is a member of the Knights of Pythias, and is known for his loyalty and devotion.

**What Pythian Means**  
Pythianism means a brotherly love, a love that is not based on race, color, or religion. It is a love that is based on the principles of the Golden Rule. It is a love that is based on the principles of the Golden Rule. It is a love that is based on the principles of the Golden Rule.

**What Pythian Teaches**  
Pythianism teaches the principles of the Golden Rule. It teaches the principles of the Golden Rule. It teaches the principles of the Golden Rule. It teaches the principles of the Golden Rule. It teaches the principles of the Golden Rule.

**Supreme Chancellor**

HON. RICHARD S. WATTLE  
Supreme Chancellor, Knights of Pythias, who is visiting Capital City today.

**Chancellor Commander**

S. THWIN  
Chancellor Commander, Edmonton, who is visiting Capital City today.

**Queen Marie May Be Government Prisoner**

LAIBON, Nov. 5.—Under the large headline, "Queen Marie May Be Government Prisoner," the Daily Mail prints a dispatch from Sofia, Bulgaria, purporting to give "thoroughly reliable uncorroborated information" from Rumania that the

British government will not allow the daughter of King and Queen of Rumania to leave Bucharest for fear that she will join the forces of the former Crown Prince Carol.

**Worth Considering!**

# Convention--Knights of Pythias--Tonight, Quebec Bldg

## Why I am a Knight of Pythias

By REV. FREDERICK S. AITKEN, (Superior Pastor)

### Why I Applied for Membership in the Order of Knights of Pythias

Because a young son of my acquaintance said to me one day "Mr. Aitken, would you ever thought of joining the Knights of Pythias?" I replied that I knew nothing whatever about the organization and asked him to tell me what he could about it. He replied that he had been told that the order had something that I needed and that I could accomplish much for the uplift of humanity by joining it. He said that the order was a fraternal organization and that it was a good thing to be a member of it. He said that it was a good thing to be a member of it.

Why I Remained a Knight of Pythias  
Because the beautiful ritualistic work of the three ranks of Pythian knighthood impressed me at the time of my initiation with the realization that there was an organization which could do more for the uplift of humanity than any other organization. It was a realization that there was an organization which could do more for the uplift of humanity than any other organization.

Our Clothes and Service  
appeal to men who like good merchandise honestly priced and sold with intelligent painstaking care.
